OFFICIAL DEMAND

As required by NRS 575.130 this form must be
completed and returned within 30 days

DECLARATION AND BILL OF LIVESTOCK AND SHEEP

Complete and return to the Department of Agriculture within 30 days to avoid penalty.

Reporting for the County of: <<County>>

Nevada Revised Statute 575 provides procedures for the Department of Agriculture to assess and collect certain special taxes on livestock. These special taxes include (1) the Livestock Inspection Tax, which helps support livestock theft investigations and animal health issues, (2) the Wool Growers Predatory Animal Control Tax, which helps support the predatory animal damage control program, and (3) the Sheep Inspection Tax, which helps support the State board of Sheep Commissioners, sheep disease control and other activities. The Department reviews reports and may verify numbers by actual counts if necessary and change declared numbers to reflect the actual counts. The Department may establish numbers for those owners who fail to report. The law provides for an appeal if the livestock owner disagrees with the numbers or accuracy of the livestock listed on the report by the Department.

The directions to calculate the amount of tax due are on the reverse side of this letter. If your total calculated assessment is more than 0 but less than \$5.00, NRS 571 requires you to pay a \$5.00 minimum fee. Once you have calculated your total assessment, please sign the form and return it with your remittance made payable to the Department of Agriculture. This livestock declaration invoice must be received by the Nevada Department of Agriculture within 30 days to avoid a penalty.

If you have any questions, please call Jennifer Bartlett at (775) 684-5333 or JoAnn Mothershead at (775) 738-8076. Thank you for your cooperation and support.
